The total consideration for the Disposal is RMB182,620,000, which shall be payable in cash by the Purchaser in the following manner:

- (i) RMB60,000,000 shall be paid by the Purchaser to the Vendor before 24 September 2015;
- (ii) RMB60,000,000 shall be paid by the Purchaser to the Vendor before 10 October 2015;
- (iii) RMB20,000,000 shall be paid by the Purchaser to the Vendor before 30 October 2015;
- (iv) RMB20,000,000 shall be paid by the Purchaser to the Vendor before 30 November 2015;
and
- (v) RMB22,620,000 shall be paid by the Purchaser to the Vendor upon the issue of the land use rights certificate in respect of the Land to the Purchaser by the relevant authorities in the PRC.

The consideration for the Disposal was arrived at after arm's length negotiation between the Vendor and the Purchaser with reference to the Valuation Reports in relation to the value of the land use rights in respect of the Land, the value of the premises erected thereon, the potential loss for cessation of operation and the anticipated costs of the Relocation. In preparing the Valuation Reports, the valuers, who are Independent Third Parties, have taken into account, among other things, the value of comparable benchmark of the land and properties in the market and the valuations were conducted in accordance with the applicable PRC laws and regulations. Particulars of the valuations are set out as follows:

t	(approximately) RMB'000	t t
(i) Land use rights	42,000	7 July 2015
(ii) Factory buildings and premises	37,000	7 July 2015
(iii) Ancillary structures	6,000	7 July 2015
(iv) Unremovable property	48,000	6 June 2015
(v) Potential loss for cessation operation	40,000	6 June 2015
(vi) Costs of the Relocation	26,500	6 June 2015

The consideration of RMB182,620,000 may be subject to upward adjustment taking account of the compensation for the possible loss suffered by 錦州陽光能源有限公司 (Jinzhou Yangguang Energy Co., Ltd.*), a wholly-owned subsidiary of the Company, which operates a photovoltaic power plant for the supply of electricity to the Vendor prior to the Disposal. The amount of such compensation is subject to review and assessment by the relevant land reserve commission in Jinzhou City of such compensation.

The Vendor shall, within seven working days after signing of the Agreement, deliver the land use rights certificate and other title documents in respect of the Land to the Purchaser.

Completion

Completion of the Disposal is conditional upon the approval by the Shareholders of the Agreement and the transactions contemplated thereunder having been obtained in accordance with the Listing Rules.

Completion

Completion of the Disposal shall take place before 31 December 2015 whereupon the Vendor shall deliver, and the Purchaser shall resume, the Land together with all buildings then erected thereon.

Principal Activities

The principal activities of the Group are the manufacture of and provision of processing services for monocrystalline silicon solar ingots/wafers, and the production of photovoltaic cells and modules, the installation of photovoltaic systems and the operation of photovoltaic power plants. The Vendor, an indirect wholly-owned subsidiary of the Company, is principally engaged in manufacturing of monocrystalline ingots/wafers. The plants on the Land have been operated by the Vendor as its major production lines in Jinzhou City, Liaoning Province, the PRC.

In order to enhance economies of scale and operational efficiency while minimising the overall operational and management costs, the Company has implemented an integration and centralisation strategy to consolidate various production bases across Jinzhou City in Liaoning Province, the PRC, which are currently operated by different subsidiaries of the Company. As part of the integration plan, the Group has already relocated the majority of the production lines and facilities of the Vendor situated on the Land, and is in the course of relocating the remaining plants and machineries thereon, to another production base at Nos. 1-5, Section 3, Chifeng Street, Jinzhou Economic and Technological Development Zone, Jinzhou City (錦

On the other hand, having taken into account the market value of the Land, the net proceeds and possible gain arising from the Disposal, the Directors consider that the Disposal presents a good opportunity to realise the value of the Land so as to enable the Group to strengthen its working capital position and provide funding for the Group's future investments should suitable investment opportunities arise.

In light of the above, the Directors (including its independent non-executive Directors) consider that the terms of the Disposal and the consideration for the Disposal are on normal commercial terms, fair and reasonable and in the interests of the Company and the Shareholders as a whole.

As a result of the Disposal, the Group is expected to recognise a gain of approximately RMB113,120,000 which is calculated with reference to the consideration of the Disposal and the current asset value of the Land and unremovable machineries, potential loss arising from cessation of operation and costs of the Relocation. Shareholders should note that the exact amount of the gain of the Disposal accruing to the Group is subject to audit and therefore may be different from the amount mentioned above. Apart from the above-mentioned gain expected to be recognized, the Disposal and Relocation will not have any impact on the Company's liabilities.

The sale proceeds from the Disposal amount to RMB182,620,000 (assuming no adjustment is made), of which RMB27,000,000 will be used for the Relocation and necessary costs and expenses incurred in connection with the Disposal and RMB155,620,000 will be used for general working capital of the Group and to capture any business and investment opportunities should suitable opportunity arise in future.
